CONFERENCES & EVENTS

Tools for Success

You want to lead your business to the next level. You crave strategic advantage over the competition. You need to define long-term goals and strengthen personal relationships.

Book your delegation into the Banff Park Lodge. Located in downtown Banff, Alberta – a scenic 90 minute drive from Calgary International Airport – the Lodge offers everything your organization could ask for - 17,000 square feet of meeting space, trade show areas, executive boardrooms and hospitality suites. Our conference facilities offer total design flexibility - including audiovisual support, high-speed connectivity, video-conferencing and, of course, full catering and strategic support.

The mountains that surround you are a fitting metaphor for your conference goals – to inspire peak performance from your entire organization.

Our dedicated and experienced staff will oversee every detail of your conference or business meeting – from planning through execution – and leave you free to concentrate on the business at hand.

Contact one of our Conference Service Managers today, and be assured your conference or event is an unqualified success.
